Output Disclaimer and Use Restrictions Standard

NORTHWIND SYSTEMS INTERNAL LEGAL POLICY
DOCUMENT ID: GC-POL-2024-041
SUBJECT: Operational Standard for Contract-Analysis System Output and AI-Assisted Drafting
EFFECTIVE DATE: November 1, 2024
OWNER: Office of the General Counsel (Attn: Sarah Jenkins, Deputy GC)

1. PURPOSE AND SCOPE

1.1 This standard governs the internal use, distribution, and incorporation of all outputs generated by the proprietary Northwind Systems Contract-Analysis System ("CAS").

1.2 This policy applies to all employees, contractors, and agents of Northwind Systems, with specific compliance mandates directed to members of the Sales, Procurement, and Legal Operations teams.

2. LEGAL STATUS OF SYSTEM OUTPUT

2.1 Drafting Assistance Only. All text, summaries, risk scores, suggested redlines, and analytical commentary generated by CAS constitute automated drafting assistance and preliminary structural suggestions only.

2.2 Prohibition of Legal Advice. CAS output does not constitute formal legal advice, nor does the system establish an attorney-client relationship between Northwind Systems and any user. CAS output shall not be cited as legal authority in any internal or external governance, compliance, or dispute-resolution proceeding.

3. MANDATORY ATTORNEY REVIEW FOR COUNTERPARTY COMMUNICATIONS

3.1 General Prohibition. No output generated by CAS—including redlines, proposed contract clauses, modified indemnification caps, liability language, or explanatory emails—may be transmitted, sent, or otherwise disclosed to any external counterparty, customer, vendor, or their legal counsel.

3.2 Named-Attorney Review Exception. The prohibition in Section 3.1 is lifted only if the specific CAS output has been reviewed, modified (if necessary), and explicitly approved in writing by one of the following named attorneys of the Northwind Systems Legal Department:
* (a) Marcus Vance, General Counsel
* (b) Sarah Jenkins, Deputy General Counsel
* (c) David Thorne, Senior Commercial Counsel

3.3 Audit Trail. Approval under Section 3.2 must be logged in the primary contract management repository with the attorney’s explicit ticket sign-off within forty-eight (48) hours of external transmission.

4. MANDATORY DISCLAIMER Wording

4.1 Application. Every summary, risk assessment report, or contract digest generated by CAS for internal distribution must prominently display the exact disclaimer wording set forth in Section 4.2 in bold, 10-point font at the top of the document or interface pane.

4.2 Required Text. The following text must be reproduced verbatim without alteration:

> "PRIVILEGED & CONFIDENTIAL – ATTORNEY-CLIENT WORK PRODUCT PREPARATION. This document contains automated analysis generated by the Northwind Systems Contract-Analysis System (CAS). This output is provided for internal informational and drafting assistance only and does not constitute formal legal advice. This analysis has not been independently verified by a licensed attorney and must not be relied upon as a substitute for professional legal review. Do not distribute outside Northwind Systems without prior written authorization from the Office of the General Counsel."

5. PROHIBITED DETERMINATIONS: ENFORCEABILITY

5.1 Absolute Prohibition. The CAS underlying algorithms, prompt libraries, and user-facing interfaces are strictly programmed to prohibit, and users are strictly prohibited from deriving, any output that designates, characterizes, or concludes that any contractual clause, term, or agreement is "enforceable" or "unenforceable."

5.2 Permitted Terminology. When analyzing contract risk, CAS and its users shall limit terminology to relative risk indicators, including:

* (a) "High Legal Exposure"
* (b) "Standard Market Deviation"
* (c) "Requires Counsel Review"
* (d) "Non-Standard Indemnity/Liability"

5.3 Systemic Override. Any CAS output instance that asserts or implies enforceability or unenforceability of a specific jurisdiction's laws or contractual provisions is legally void, must be immediately deleted from the working file, and must be reported to David Thorne within four (4) hours of discovery.

6. ENFORCEMENT AND NON-COMPLIANCE

6.1 Unauthorized external transmission of CAS output without attorney approval pursuant to Section 3.2, or intentional removal of the mandatory disclaimer under Section 4, shall result in an immediate internal audit and may trigger disciplinary action up to and including termination of employment.
